Dell Support

Standard Basic Next Business Day limited hardware warranty is offered on all Dell Vostro product. Basic Next Business Day limited hardware warranty includes telephone support access to Dell agents for all your client hardware issues. For issues that can be resolved remotely over the telephone (and do not require a component to be replaced under warranty) the call will continue through to resolution. For an issue that requires an onsite Dell technician this will be agreed with the Student and arranged for within the Next Business Day SLA.

Reporting mechanism

Dell offers various options that enable you to select your preferred method of contacting Technical Support for assistance including the telephone, online, chat, social media, e-mail support and a variety of self-diagnostic tools.

Telephone Support Requests:

Support during local business hours (9am-5.30pm) available 5 days per week, excluding weekends and regularly observed holidays

Step One: Call for Assistance

- For telephone support requests, contact your UK Dell support centre on 0844 444 3844 to speak to a technical support analyst
- Call from a location which includes physical access to the Supported Product.
- Provide the Service Tag and other information as requested by the analyst. The analyst will verify Customer's Supported Product, applicable Service and response levels and confirm any expiration of Services.

Step Two: Assist with Telephone-based Troubleshooting

- When requested, identify error messages received and when they occur; what activities preceded the error message; and what steps you have already taken to attempt to solve the problem.
- The analyst will work with you through a series of troubleshooting steps to help diagnose the issue.
- If an on-site dispatch of a service technician is necessary, the analyst will provide additional instructions.

Online, Chat, and Email Support:

Dell Support website, chat, social media (Twitter) and email support available at www.Support.Dell.com or technical support web site.

DELL may give you the option of a part shipped out direct to you for customer replacement, please confirm with DELL that the engineer is required.

If you experience any issues when contacting Dell support please contact the support team at Insight:
