Taking the first step towards running your own business can seem like a real challenge. The Enterprise Team are here to support you right from the beginning to help you grow your seed of an idea into a successful business.

If you are a current student, or graduated within the last five years, and are considering self-employment, freelancing, or being your own boss, you can access a range of services including:

- One-to-one advice and support from our team of experienced Business Advisors
- Access to hot desk office facilities in The Duke of York Young Entrepreneur Centre
- Useful information, templates and resources
- The opportunity to apply for grant funding to develop your business

Kick start your future

Workshops to build your enterprise & employability skills

The Enterprise Workshops are fun, informal sessions that help ANY student from ANY course develop their enterprising skills.”

William Stansfield-Tyler, Clix Studios

As a student, you’ll find that you are challenged to make yourself more employable and develop key graduate attributes for your future career, but how do you do this and where do you go for help? One option is this series of friendly, welcoming and interactive workshops from the University of Huddersfield’s Enterprise Team.

The workshops offer a range of opportunities for all students and recent graduates to kick-start your future, regardless of whether you anticipate being employed, self-employed or a combination of both. We look forward to seeing you there!
