

Accessibility Statement for E:Vision

E:Vision is the web based section of the SiTs database, which is run by the University of Huddersfield and supplied by Tribal. We want as many people as possible to be able to use E:Vision as possible with most of E:vision being compliant to WCAG 2.0 standards.

For example, that means you should be able to:

- change colours, contrast levels and fonts
- zoom in up to 300% without the text spilling off the screen
- navigate most of E:vision using just a keyboard
- navigate most of E:vision using speech recognition software
- listen to most of E:vision using a screen reader (including the most recent versions of JAWS, NVDA and VoiceOver)

[AbilityNet](#) has advice on making your device easier to use if you have a disability.

How accessible is E:vision

We know some parts of E:vision are not fully accessible:

- Older sections of E:vision that are currently under review may not be fully accessible.
- Parts of E:Vision that have been created in house by the University may not be fully accessible.

Feedback and contact information

If you need information on E:vision in a different format like accessible PDF, large print, easy read, audio recording or braille then please contact the ASIS Manager in your school or service.

Reporting accessibility problems within E:vision

We're always looking to improve the accessibility of E:vision. If you find any problems not listed on this page or think we're not meeting accessibility requirements, please contact the ASIS Manager in your school or service.

Enforcement procedure

The Equality and Human Rights Commission (EHRC) is responsible for enforcing the Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018 (the 'accessibility regulations'). If you're not happy with how we respond to your complaint, **[contact the Equality Advisory and Support Service \(EASS\)](#)**.

Contacting us by phone or visiting us in person

We provide a text relay service for people who are D/deaf, hearing impaired or have a speech impediment.

Find out how to contact us ASIS Manager in your school or service (see last page).

Technical information about E:vision accessibility

University of Huddersfield is committed to making E:vision accessible, in accordance with the Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018.

Compliance Status

E:vision is partially compliant with the [Web Content Accessibility Guidelines version 2.0 AA](#) standard due to the non-compliances listed below:

- Older sections of E:vision that are currently under review may not be fully accessible.
- Parts of E:Vision that have been created in house by the University may not be fully accessible.

Non accessible content

The content listed below is non-accessible for the following reasons:

- Older sections of E:Vision that are currently under review may not be fully accessible.
- Parts of E:Vision that have been created in house by the University may not be fully accessible.

Non-compliance with the accessibility regulations

We are not aware of any content on the website which fails to meet the minimum required accessibility guidelines documented in the WCAG2.0 specification.

Disproportionate burden

We are not claiming 'disproportionate burden' on any problems that have been found so far.

Content that is not within the scope of the accessibility regulations

PDFs and other documents - The accessibility regulations **do not require us to fix PDFs or other documents published before 23 September 2018** if they are not essential to providing our services. Any new PDFs or other documents we publish will meet accessibility standards.

What we are doing to improve accessibility

As part of our development and upgrade process we routinely add updates to the SiTs database that are supplied to us by Tribal. An annual upgrade is also carried out that provides major improvements to the SiTs database. In both cases these updates may provide improvements to the accessibility of E:vision.

The University of Huddersfield has a continuing process of review and development of the E:vision section of SiTs. These developments look to address improvements to the accessibility of E:vision as part of wider developments to SiTs.

Preparation of this accessibility statement

This statement was prepared on 3 March 2021. It was last reviewed on 30 March 2021.

ASIS Contacts

Below are the main ASIS contacts within each school and service. This should be your first point of contact for any ASIS related query.

Schools

Applied Sciences – Vicky Constantine – Vicky.constantine@hud.ac.uk
